

Application No.: 10/043518

Docket No.: 62495-00003USPT

42. (previously presented) The system of claim 41 wherein the eccentric member is positioned within the longitudinally extending channel proximate to the first end of the rod portion to cause vibration which initiates within the rod portion at the first end.

REMARKS

In accordance with the requirements of 37 CFR 1.121 (h) Applicant hereby submits only the corrected section of the non-compliant amendment document. Accordingly, Applicant respectfully submits that the amendment submitted on November 19, 2003 is now compliant with the requirements of 37 CFR 1.121, and consideration of the amendment is respectfully requested.

Dated: December 17, 2003

Respectfully submitted,

By Michael W. Maddox
